

Abeó Health (chatgpt://generic-entity?number=0) — Information & Brand Assets

Company Overview

Abeó is a human-centered Community Care Coordination Network designed to connect individuals—particularly seniors, disabled persons, and families—with reliable healthcare services, caregivers, transportation, and continuity of care.

Rather than operating as a single-service provider, Abeó functions as care infrastructure: coordinating people, services, and systems into one trusted ecosystem.

Core belief:

Health is not fragmented. Care should not be either.

Core Thesis

Abeó exists to solve one central problem in healthcare: disconnection.

Families struggle to:

- Find trusted caregivers
- Coordinate transportation
- Navigate healthcare systems
- Maintain consistent communication
- Ensure follow-through

Abeó replaces chaos with coordination.

Primary Offering (Initial Market Entry)

Care Circle Coordination™

A monthly care coordination service families rely on for:

- Rapid response
- Clear communication
- Reliable follow-through
- Human accountability

What families are truly buying:

Trust, speed, clarity, and peace of mind.

Care Circles serve as the foundational unit of Abeó's network.

Services (Current + Phased Expansion)

1. Care Coordination (Core)

- Family intake & needs assessment
- Ongoing coordination of services

- Communication hub between family, caregivers, and providers
- Escalation handling and continuity tracking

2. Healthcare Staffing & Registry (DBA)

- CNA, HHA, RN placement
- Independent contractor caregiver model
- Credential verification & compliance screening
- Facility and private-pay support

3. Non-Emergency Medical Transportation (NEMT)

- Patient-safe transport to and from medical appointments
- Healthcare-aligned drivers
- Scheduled and on-demand options
- Facility partnerships

4. Companion & Support Services (Future)

- Companionship care
- Wellness check-ins
- Community engagement support

Differentiation

Abeó is not:

- A rideshare company
- A generic staffing agency
- A tech platform without human oversight

Abeó is:

- Care-first, not convenience-first
- Human-led with systemized coordination
- Built for trust, not volume
- Designed to scale without losing warmth

Target Audience

- Adult children & families managing care for parents and senior family members
- Seniors and disabled individuals
- Healthcare facilities & outpatient centers
- Community organizations
- Government & public health partners

Brand Positioning

Brand Archetype:

The Care Coordinator · The Integrator · The Trusted Guide

Tone & Voice:

- Calm

- Assured
- Professional
- Human
- Clear and compassionate

No gimmicks. No casual language. No small-business feel.

Visual Identity (For Designers)

Primary Colors

- Teal (Primary): #42C2BE
- Orange Accent (on the ó): used sparingly for emphasis

Typography

- Primary: Montserrat / Poppins (logo-aligned)
- Clean, modern, corporate

Logo Usage

- Always retain the accent on the ó
 - White or light backgrounds preferred
 - Orange accent only on the ó—not elsewhere unless directed
-

Brand Taglines (Approved)

- “Because Health Is Everything.”
 - “Care, Coordinated.”
 - “Human-Centered Care Infrastructure.”
-

Geographic Vision

- Initial operations: United States (local → regional → national)
- Long-term: Global care coordination, including Africa and underserved regions

Abeó is designed to scale internationally without losing cultural sensitivity or human presence.

Strategic North Star

Abeó is building the care coordination layer healthcare systems are missing.

In the future, Abeó functions as:

- A trusted coordination network
- A gateway to care services
- A community-based health infrastructure
